*FUYAO is the world's largest auto glass manufacturer and Fuyao Glass America Inc. is a leading automotive glass fabrication and value-added assembly facility with a strong market position worldwide.*

FUYAO was seeking a new U.S. site and local partners helped speed the site redevelopment by tailoring incentives to reduce costs and streamline processes to support a successful launch of what is now the region's largest private-sector employer with a workforce of 1,700 and growing.

A coordinated effort by local economic development partners facilitated the fast conversion of a former GM assembly plant that positioned Fuyao to quickly serve US automakers and US based auto manufacturing and assembly plants.

> **Speed to Market**

In addition to the existing facility with comprehensive, utility and transportation infrastructure options, FUYAO's investment was supported by local economic development partners rapidly assembling a major workforce to satisfy immediate and long-term workforce needs.

> **Reduce Risk**

Combined efforts of Montgomery County, local, and state economic development partners helped manage workforce and facilities costs at a site with existing, close-access rail and roadway.

> **Lower Cost**

**MONTGOMERY COUNTY OHIO OFFERS**  
SPEED-TO-MARKET, RISK-MITIGATION, AND GREATER  
AFFORDABILITY THAN OTHER POTENTIAL SITES.
