

# BUSINESSFIRST!

for a greater dayton region

## Resource Partner Directory 2019

BusinessFirst! for a Greater Dayton Region was created in 2001 to facilitate the retention and expansion of local companies. The national award-winning program has grown to include 32 jurisdictions in five counties (Darke, Greene, Miami, Montgomery and Preble).

Business retention is critical to the ongoing success of communities. While announcements for large, new companies coming into the region are very exciting, about 80% of new job growth comes from businesses who are already located in our communities. BusinessFirst! wants to ensure that we meet the needs of those businesses.

Outreach Specialists have listened to almost 7,800 local businesses to better understand their challenges and identify resources to maximize their opportunities to invest and add new jobs in the region. From that point, we connect the businesses to about 100 community resource partners.

This directory includes the partners and organizations who are committed to meeting and exceeding the needs of businesses throughout the greater Dayton region. We put businesses first!

## Table of Contents

|   |    |
|---|----|
