

OPENING THE DOORS TO THE DAYTON REGION

DAYTON REGION ISRAEL TRADE ALLIANCE

Think it. Make it. Ship it.

Think it: The Greater Dayton Region is a wonderful mix of right-brain innovation and left-brain resourcefulness. It's the perfect place to breathe life into business. By working in collaboration with our economic development partners, we can connect you with specialized funding options and tax incentives to give your business the boost it needs to succeed. The region's affordable real estate, startup costs, favorable tax environment and utilities will continue to help your business succeed.

Make it: The Dayton Region encompasses 12 counties, which have a combined population of

1.8M residents. With its robust manufacturing, the State of Ohio and the Dayton Region are capable of providing nearly complete supply chains locally, ranging from aircraft manufacturing to medical device manufacturing and everything in between.

Ship it: Within 90 minutes of the Dayton Region are five international airports – Cincinnati, Dayton, Columbus, Louisville and Indianapolis – responsible for more than 15% of all air cargo in North America. Ohio is ranked the top state in both value and weight of domestic shipments, and offers the infrastructure required to move those shipments by highway, rail, air or water.

CONNECTING YOU TO AREA RESOURCES THAT FUEL GROWTH

JobsOhio, the Dayton Development Coalition (DDC) and its partners are committed to providing the support you need to expand your business in the Dayton Region. We help companies across the region to establish, expand, grow and strengthen their market position.

Financing

Our team can introduce you to a variety of attractive financing programs designed to complement your investment. State, JobsOhio and local loans available to businesses can feature lower interest rates and fixed rate financing.

Tax Credits

The State of Ohio can offer Job Creation Tax Credits for businesses meeting minimum thresholds. These credits offset companies' Commercial Activity Tax. Should the amount of the credit exceed the company's CAT liability for any given year, the difference is refunded to the company.

Infrastructure

Our team works closely with Ohio Department of Transportation, the Ohio Development Services Agency and regional utility companies in order to provide necessary connections and resources.

Redevelopment

JobsOhio is focused on helping to revitalize business sites to support future job creation opportunities in the region through redevelopment grants.

Workforce

Our team can connect you to resources such as OhioMeansJobs and other agencies to identify and supply you with qualified workforce talent.

Training and Higher Education

The Dayton Region offers a variety of training curricula through technical schools, community colleges and universities. We can connect you to the appropriate programs and customized employee training support.

Economic Research

Business leaders need current data on strategic topics such as the region's industry and workforce trends, supply chains, transportation and logistics assets, market forecasts and tax comparisons before making final investment decisions. We can provide timely information to ensure that you make the most informed decisions.

Venture Capital

Accelerant, the region's \$9.1M venture capital fund, was formed by 26 limited partners to focus on emerging companies. Accelerant offers seed and pre-seed investments paired with the active mentorship of the DDC's experienced investment team.

Access to Political Capital

The DDC maintains a full-time office in Washington, D.C. in order to support legislative initiatives at the federal and state level to promote economic development and job growth in the Dayton Region.

The Dayton Development Coalition works with companies in various industries:
